Definition

AEC is the leading voice for Higher Music Education in Europe, a powerful advocate for its member institutions.

The Association Européenne des Conservatoires, Académies de Musique et Musikhochschulen (AEC) is a European cultural and educational network with around 300 member institutions for professional music training in 57 countries.

VISION

AEC sees professionally focused arts education as a quest for excellence in three areas:

- artistic practice
- learning and teaching
- research and innovation

It seeks to foster these elements and to encourage the diversity and dynamism with which they are pursued in different institutions, countries and regions.

AEC understands and supports music and arts education, together with cultural participation, as central contributors to quality in human life, and inclusive societies founded on democratic values.

MISSION

AEC operates inclusively, sustainably, efficiently and effectively, enabling communication and sharing of good practice.

AEC works for the advancement of Higher Education in the performing arts, primarily focusing on music. It does this based on four pillars:

Pillar 1: Enhancing quality in Higher Music Education

Pillar 2: Fostering the value of music and music education in society
